1. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
2. Claims 1-6 are rejected under 35 U.S.C. 103(a) as being unpatentable over Hernandez et al, U.S. Patent No. 5,882,794 in view of Hernandez et al, U.S. Patent No. 5,683,811 for the reasons set forth in paragraph 1 of the previous office action. With regard to the new limitation, Hernandez '811 teaches employing slickened fibers in the blown filling. See example 4
3. Applicant's arguments filed 10/5/04 have been fully considered but they are not persuasive. Applicant argues that Hernandez '811 teaches slickening the fibers followed by batting formation. However, Hernandez '811 also teaches slickening the fibers for use in a blown filling. See example 4. Applicant argues that Hernandez '811 teaches again the claimed invention because it teaches not using all slickened fibers in making a batting because the batting has poor web cohesion. However, the concerns regarding web cohesion would not be pertinent to the disclosure set forth in example 4 because in example 4 Hernandez '811 is using the slickened fibers to make a blown filling, not a batting
4. With regard to the claimed staple pad friction, since Hernandez '811 teaches employing slickened fibers in the blown filling, it would have been obvious to have selected the appropriate amount of slickening agent which produced the desired aesthetic effect.
5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

Art Unit: 1771

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
